Model Year Definition:

'Model Year' is a standard industry-wide term employed by US automobile and motor home manufacturers to designate annually changing vehicle designs. 'Model Year' does not indicate the year in which a vehicle was manufactured. A 2008 design or 'model', for example, may be manufactured anytime during the 2007 or 2008 calendar year. The model year of an El Monte RV vehicle is always indicated on the vehicle registration.

El Monte RV Motor Homes:

El Monte RV continuously strives to provide our international guests with the best possible motor home product in the industry. To this end, we purchase our units only from top RV manufacturers who make them to our higher than average specifications. All motor homes are 100% walk-through and are equipped with 110V generators.

Motor Home Specifications:

Motor home photos, drawings and floor plans provided are examples only. Sleeping capacities do not mean like number of adults or full-size teenagers can be accommodated comfortably. The features, bed sizes and amenities listed are representative and may be changed, added to or deleted without notice. Specific floor plans or models will vary within a category and cannot be reserved or guaranteed.

Motor Home Lengths:

Motor home lengths will vary within each size category. Specific floor plans, models or lengths cannot be reserved or guaranteed.

Note: All rentals are subject to the terms and conditions of the rental contract signed at the El Monte RV depot at the time of vehicle pick up.

INSURANCE & LIABILITY

- El Monte RV is not responsible for travel operators' or their agent misrepresentation of facts described in the insurance and liability section below
- All coverage and waivers are subject to the expressed terms and conditions of the rental contract signed by the client on pick up.
- This outline is not a complete description of the various coverage plans. The El Monte RV rental Agreement contains the complete legal provisions of any insurance plans.

In the event of an accident, renter and / or driver must disclose to El Monte RV any insurance coverage they may have.

Public Liability

El Monte RV maintains insurance coverage for liability claims, property damage and / or personal injuries resulting from the operation of an El Monte RV vehicle. Our coverage provides third party legal limits to protect the renter and authorized drivers. Liability coverage is limited to the minimum financial limits determined by the US state or Canadian province in which the incident occurred. Claims in excess of the state or province limits may arise. These claims are the responsibility of the renter. El Monte RV assumes no responsibility for such liability claims unless the client has purchased the Supplemental Liability Insurance.

Vehicle Incident Protection (VIP) Jurisdiction: USA and Canada.

Cost: Included in nightly rate.

Coverage: VIP coverage reduces the renter's responsibility from \$5,000 to \$1000 per occurrence in case of overhead damage, undercarriage damage, damage from vehicle back up, vandalism, theft or windshield damage regardless of fault and for costs incurred in transporting damaged vehicle to the rental station, including towing and storage, provided renter is in compliance with the terms and conditions of the rental contract.

Certain exclusions apply, see below. VIP only covers damage to the motor home or vehicle itself while under the rental contract and does not in any way limit the renter's responsibility for liability claims, property damage, and / or personal injuries (see Public Liability above).

VIP is not an insurance, rather an agreement between renter and El Monte RV to limit renter's financial responsibility for damage to motor home. Third party claims are not covered or accepted.

If purchasing El Monte RV's Mexico Auto Liability Insurance (MALI), the VIP will cover the difference between the applicable VIP deductible and the 3% Mexico Auto Liability Insurance physical damage deductible if the renter is involved in an accident while travelling in Mexico and is in compliance with the terms and conditions of the rental contract.

Deductible:

Per occurrence \$1000 - provided the following exclusions have not occurred. (This deductible is non-refundable under any circumstances).

- Motor home or vehicle damage caused while driving under the influence of alcohol and/or narcotics.

- Costs incurred in transporting damaged vehicle to the rental station, including towing and storage, while travelling in Alaska or Northern Canada.
- Interior damage.
- Damage during off-road use.
- Overheating or freezing of rental vehicle systems.

If the renter resides outside the United States and is covered by a foreign Liability Insurance policy, the foreign Liability Insurance coverage will be excess / secondary over the SLI purchased pursuant to the rental contract.

Exclusions: Include but are not limited to the following:

- Use of a rental vehicle in violation of the terms and conditions of the rental contract.
- Motor home or vehicle damage caused while driving under the influence of alcohol and / or narcotics.
- Accidents arising out of the use of a rental vehicle by an unauthorized driver.
